

## ARIZONA LEGION TO OUST I. W. W.

PHOENIX, Nov. 25.—Prediction is made by members of the American Legion that Phoenix soon will lose her place as rallying ground for the I. W. W. of Arizona. For several years there has been little manifestation here of "wobbly" activities. Soon after the men came home from the war an attempt was made in Phoenix to organize them in an I. W. W. soviet on an anarchistic platform. This move was broken up by the soldiers themselves, who formed an army and navy club, instead, with assistance of local business men. Now the legion, succeeding the club, is making close investigation of local "wobbly" manifestations, speeded by Centralia outrages.

## No Concealment

I. W. W. headquarters for years have been maintained here, always just next to employment offices. They were next to the state employment office during the war period. They now are in Cactus Way, just off Washington street. There has been no attempt at concealment. The offices were raided a few months ago by federal and county officers, but little of importance was developed. It has been hoped to find evidence concerning crop destruction and mine sabotage known theretofore in the state.

## Headed by Gannon

I. W. W. operations here appear to be in charge of "Red" Gannon, who has been talking lately of a general strike of Arizona miners in the spring for six hours work and more money. In Bisbee is maintained an active I. W. W. organization, of which he is secretary, one Charles Hagen Bentley, a leading witness for the prosecution in the Bisbee deportation cases, lately pleaded guilty in Bisbee to distilling on a federal complaint. All the American Legion posts in Arizona are joining in the attack upon wobblism and promise organization of local defense forces if it is needed.

## ARIZONA GIRL CHECK WRITER GIVEN SUSPENDED SENTENCE

PHOENIX, Nov. 25.—Suspended sentence of three years was today imposed by Judge R. C. Stanford, of the superior court, on Miss Dorothy Berry, formerly of Nogales, charged with obtaining merchandise by means of an unnoted check. The young woman had been convicted by a jury which recommended clemency.

Judge Stanford referred Miss Berry to the attention of a prominent Phoenix woman whose name was not mentioned in court. The court ordered that the young woman must go to work and earn money enough to pay back the debts contracted by the writing of checks on a Nogales bank in which she had funds insufficient to satisfy the checks.

## ARIZONA ADJUTANT GENERAL TO INSPECT SCHOOL CADETS

PHOENIX, Nov. 25.—Arizona's new adjutant general is about to start on a trip around the state inspecting high school and normal school cadet companies and starting afresh the Arizona national guard. All the larger towns save Globe, have high school cadet organizations. The normal at Tempe has an especially efficient company, headed by Capt. F. M. Irish, while the Flagstaff normal has a younger cadet body. Artillery batteries, each of 150 men, are to be placed at Phoenix and Tucson, while cavalry troops probably will be organized in the Clifton-Morenci section, the Globe-Miami section, Flagstaff and Prescott.

The tract, mainly secured on Santa Fe Mogul scrap, lies between the Gillespie canal and the Gila, north and west of Gila bend, much of it along the Southern Pacific main line.

## VERDICT IN CIVIL CASE: DAMAGE CASE ON.

(From Wednesday's Daily)

The jury shortly before noon this morning in the case of R. S. Beals vs. Raymond Jackson, a suit over quiet title to a lease near Hereford, returned a verdict for the plaintiff, awarding him \$125 damages in addition. Attorneys Flannigan & Murry represented the plaintiff, while D. Benishimol and O. Gibson appeared for the defendant. The case of Bonifacio Negrete vs. Pete Musso, for \$10,000 damages, alleged to be due from an injury in a lease operated by the defendant in Courtland, was started shortly before noon, the jury being secured after the noon recess. It is expected the case will be completed by evening. The defendant claims the plaintiff was not in his employ at the time he was injured, but was working for a contractor on his lease. A number of interested parties are here for the case. The defendant is represented by Jos. Hansen, while Attorneys White and Gibson appear for the plaintiff.

This afternoon after the jury had been empanelled, counsel for the plaintiff asked that the case be dismissed with prejudice, and the jury was discharged. All jurors remaining on the panel were discharged from further duty this afternoon by the court, and they left for their homes. A new panel of 11 will report Monday morning.

## CHEAP CAR BEST

## FOR MOONSHINERS

PHOENIX, Nov. 25.—Unless the profit from a couple of gallons of "white mule" is more than the value of a driver used for transporting same from Arizona's mountain fastnesses, it will be better for local moonshiners to carry the hard stuff into town on their backs, according to Attorney General Wiley E. Jones, who announced yesterday that in the event of arrest, the driver will be liable.

The attorney general succeeded in having a measure to that effect passed by the last legislature, he says, but no test case has yet reached the high court in this state. A similar law in the state of Georgia recently was tried out there and sustained, according to advices received by Jones yesterday from Attorney General J. T. Smith of Georgia. The law in both states, Jones says, clearly makes an automobile forfeit to the state when the owner thereof is convicted of using it directly or indirectly for the purpose of transporting intoxicating liquor.

The President's endorsement and good wishes for the success of the sale is voiced in a letter to Dr. Chas. J. Hatfield, managing director of the National Tuberculosis association.

The letter follows: "Allow me to express again my deep interest in the work of the National Tuberculosis association. I am very much interested to learn of the efforts of the Association to raise the sum of six million dollars that the state budgets may be financed for the coming year, and write to wish the very best success of the effort."

## ROSA MCKAY SUES PAPER WHICH

## CALLED HER I. W. W. EX-CONVICT

MIAMI, Nov. 25.—Mrs. Rosa McKay, member of the legislature from Gila county, has filed suit in the superior court against the State Consolidated Publishing company for alleged "false and malicious statements" which she alleges were published by the defendant in the Bisbee Daily Review of July 15. At the time of the alleged publication Mrs. McKay was a witness for the state in the preliminary hearings of men charged with having participated in the deportations of July 12, 1917. The plaintiff claims that the Review published an article in which it stated that "Mrs. McKay is an I. W. W. and an ex-convict," both of which statements are false and malicious, according to her complaint.

She asks for \$15,000 real and \$10,000 punitive damages. Mrs. McKay is represented by Attorney McGinn and Watson of Globe.

There is very little stock upon the open market, most of it being closely held. Local trading recently has been around 50 cents a share.

The four men placed under arrest, according to the officers, gave the names of Robert White, Emil Henke, "Jap" Kinsey and Earl Watkins.

They were brought to Phoenix and placed in the county jail at an early hour this morning. A man giving the name of J. C. Geirons, whom officials said they considered the leader of the distillers, was captured at Casa Grande this morning by deputy Cates of Pinal county.
